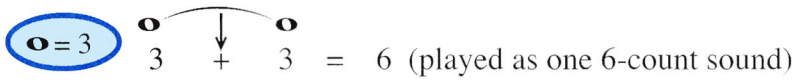
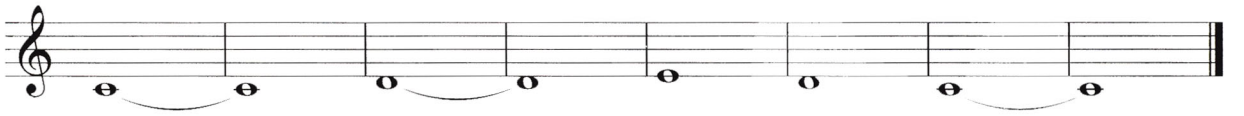
Ties

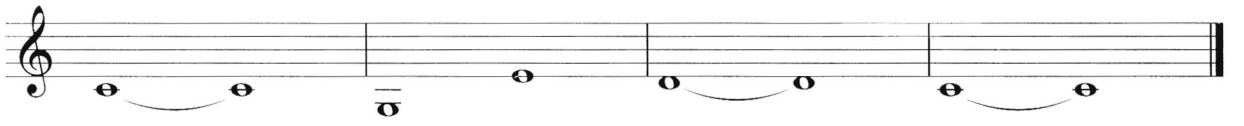
Ties are curved lines that are drawn between two notes of the same pitch. The curved lines are sometimes drawn below the notes and sometimes above them. *A tie in music is like a plus sign in math.* The two note values are added together and played for the *sum* of the two values.



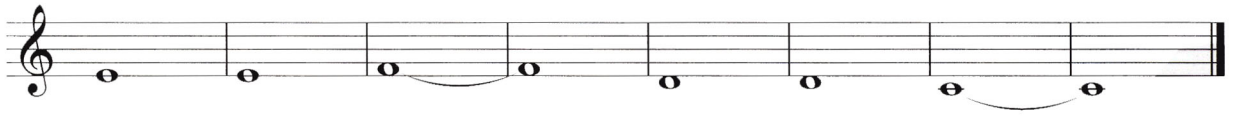
5 o = 3



6 o = 1



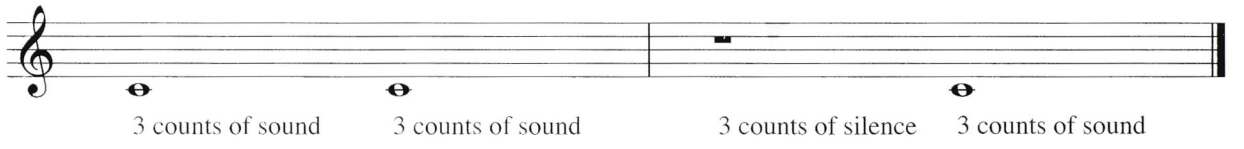
7 o = 2



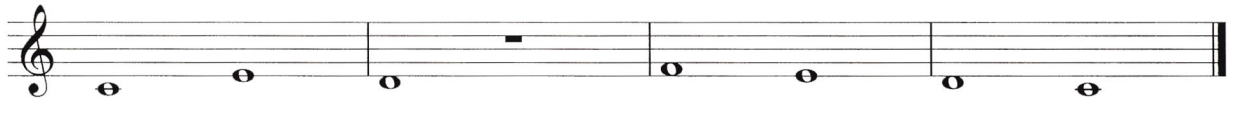
Whole Rests

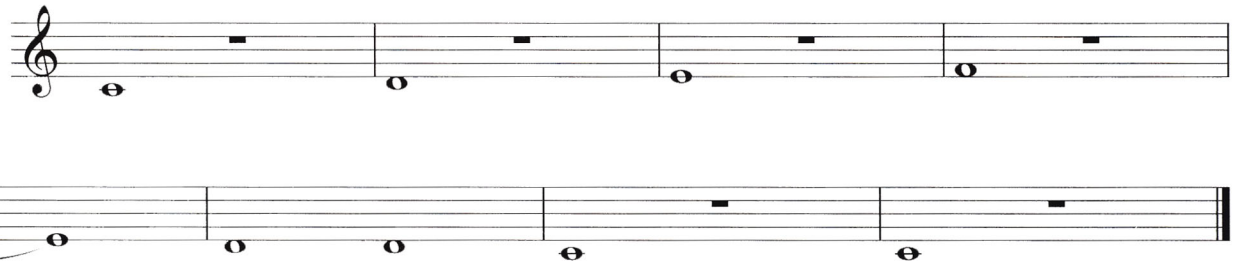
𝅝 is a **whole rest**. It is a filled-in rectangle that *hangs down* from the *fourth line* of the musical staff. Whole notes and whole rests get the same number of counts as each other.

8 o = 3



9 o = 4





10 o = 2
