

Jeremy Woolstenhulme

INTONATION BASICS™

A String Basics™ Supplement

Welcome to **Intonation Basics™**, a supplementary method for guiding you and your orchestra class towards developing superb intonation. Learning to play in tune takes time and it includes establishing good posture, knowing correct finger patterns, understanding intervals, and creating a beautiful tone and blend throughout the orchestra.

Intonation Basics™ includes access to 20 special videos showcasing exercises and songs. The content of the videos will help identify ways to achieve good intonation and will help develop listening skills as you watch. Refer to the inside front cover for more information about accessing these videos.

Table of Contents
