

Use notes from the **A dorian scale** (shown in bar 17) for MILO ON THE MIDWAY solos. The dorian scale is a common choice when improvising over a minor seventh chord, like A_{mi7} in the solo section. For additional help with the A dorian scale, see the **STANDARD OF EXCELLENCE JAZZ ENSEMBLE METHOD**, pages 7-8.

- ▶ **IMPROVISATION TIP:** Begin by using only one or two notes from the scale provided as the pitch set for your solos. Add more notes as you become more comfortable. Always play with solid rhythm. Playing fewer notes with good rhythm is preferable to playing many notes with unclear rhythm.
- ▶ The numbers "4" and "8" in bars 20 and 24 are there to remind you of where the phrase points are, and to help you keep your place when soloing.
